# The Annual Quality Assurance Report (AQAR) of the IQAC (For Affiliated/Constituent Colleges)

Institutions Accredited by NAAC need to submit an Annual self-reviewed progress report i.e. Annual Quality Assurance Report (AQAR) to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the IQAC at the beginning of the Academic year. *The AQAR period would be the Academic Year. (For example, July 1, 2017 to June 30, 2018)*

### **CRITERION I – CURRICULAR ASPECTS**

#### **1.1 Curriculum Planning and Implementation**

**1.1.1** Institution has the mechanism for well-planned curriculum delivery and documentation. Explain in 500 words

Curriculum guidelines are framed by Dental council of India and Rajiv Gandhi University of health sciences and the institution follows the same guidelines. Curriculum committee of the institution follows a systematic process in the design, development and revision of the curriculum. Each department constitutes curriculum committee with Head of the department as chairperson and other faculty as members. Considering the feedback, alumni, employability and recent advances in dentistry, topics for enrichment courses, value added courses and problem based learning are decided. A well-defined method for analyzing the feedback has been established by the college. Bridging courses are conducted in the college for the students who are in need. Interdisciplinary case discussions and meetings are conducted regularly for the students to improve the interdisciplinary approach towards the cases. Overall personality development of the student is achieved by conducting Sports, Cultural events, Communication skills, Stress management, Meditation classes & spiritual wellbeing. Lectures are arranged on ethics and behavioral sciences for undergraduate and postgraduate students to give adequate emphasis on patient safety, confidentiality, rights and education.

**2.3.2** Students mentoring system available in the institution? Give details. (maximum 500 words)

### **Mentoring system**

All the students of dental college (undergraduates and postgraduates) are allotted to mentors to monitor the progress of the students. The 1<sup>st</sup> and 2<sup>nd</sup> year undergraduate students are allotted to medical subject teaching staff, 3<sup>rd</sup> and 4<sup>th</sup> year undergraduate students are under dental subject teachers. Mentors of postgraduate students are their subject guides themselves.

10-15 students are given to each staff, a meeting between the mentors and mentees are called upon to obtain their internal assessment marks and attendance in every subject to monitor their progress and regularity to college. Personal details of the students like parents/guardians full address ,email ids and phone numbers, so that the progress of their ward can be posted to them and informed regarding their backlog subjects, extra classes to compensate for the shortage in attendance and extra tests to improve their academic performance.

Once the information of attendance % and internal assessment marks of all students are obtained, the same have to be mailed to a common email id of the chairperson of the committee to maintain a database of the same. All the mentors are called for a meeting once in two months, they are asked to identify students who require academic assistance, and their parents are emailed / personally called to college to inform about their wards performance.

Measures which are taken to improve their performance in academics are additional internal assessments and viva voces to improve internal assessment marks, methods to face viva voce for anxious students, written mock tests with the pattern of final examinations for students who are finding subjects difficult to cope with, extra classes for the difficult topics or topics that the students are finding difficulty in. Students who require counseling are identified and sent for counseling outside college and after college hours

The cut off 75% attendance in every subject is mandatory to write the final exams. There are some students who have shortage in attendance, such students have to be identified by their mentors, and parents are informed. Classes can be compensated by the students who are having genuine reasons for shortage in attendance by attending college during their holidays with the junior batches.

Number of students enrolled in the institution	Number of fulltime teachers	Mentor: Mentee Ratio
3 60	91	4

**2.5.1** Number of days from the date of semester-end/ year- end examination till the declaration of results during the year:

The institution is affiliated to RGUHS and goes by regulations set by the same.

**2.5.2** Reforms initiated on Continuous Internal Evaluation (CIE) system at the institutional level (250 words):

The continuous performance assessment card is an initiative of our institution to continuously upgrade the academic and clinical standards of our students. The faculty evaluates each student at the end of a theory class and at the end of each practical secession. The students are graded as A, B and C. It is clearly communicated to the student regarding the areas of improvement.

**2.5.3** Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words).

The calendar of events from the part of Curriculum guidelines that are framed by the Dental council of India and Rajiv Gandhi University of health sciences and the institution follows the same guidelines. A systematic process in the design, development and revision of the Calendar of events is followed by the Calendar of events committee of the institution. Upcoming details of dates of meetings, events, special occasions, assignments, tests, scientific programs, etc. are gathered from all the departments of the institution and framed to form the Calendar of events. When pursuing education in any program, staying organized in your schedule is important to your success. A better way to boost your organization as a student is to complete, maintain and follow a calendar. A calendar comes in handy when you notice your free times and mark in times in your week to devote to course of work. Knowing and planning for these study sessions will set you up for academic success. Breaking up your work into manageable timed sessions will help you retain information in a better way. Keeping accurate and up-to-date calendar of due dates of important assignments, tests, projects and class discussions reminds you of what you need to complete. Rather than seeing coursework as a long checklist of things you need to do, a calendar provides the space to plan for each due date at the appropriate time.

RGDC Alumni network is an association which believes in knitting the students and everybody together. Its main aim is to bring together all the old students and the faculty of SRGD College to share their experiences with each other.

We also maintain and update the data base of all the alumni of the college and to interact with them and to utilize the rich experiences of old students of the college for the benefit and progress of the present students.

These interactions with the alumni will help to provide guidance to the present students in their endeavor for better employment and higher studies.

We as a family get valuable advices of the Alumni in the overall development of the college. Seminars, debates, workshops and also cultural and social welfare programs are organized by our association.

We provide a forum for the Alumni for exchange of ideas on academic, cultural and social issues of the day by organizing and coordinating reunion activities of the Alumni on a yearly basis.
